Ryan Witt
Vice President of Sales & Marketing
Best Sanitizers, Inc.
PO Box 1360
Penn Valley, CA 95946

Dear Mr. Witt:

The U.S. Environmental Protection Agency applauds Best Sanitizers, Inc. ("Best Sanitizers") for your leadership in developing an environmentally oriented set of hand soaps. EPA's Design for the Environment ("DfE") program seeks to promote the use of products with improved environmental and human health characteristics. The products in our partnership – SoftenSure Foaming Soap Kiwi-Melon and SoftenSure Foaming Soap Fragrance-Free – fully achieve that objective in the I/I and consumer cleaning sectors.

The key purpose of the DfE– Best Sanitizers partnership is to recognize and encourage the environmentally preferable chemistry of the partnership products. DfE is very enthusiastic about your successful formulation of these products and about our partnership. By eliminating hazardous solvents, environmentally persistent surfactants, and other harmful ingredients, you have demonstrated active environmental stewardship and dedication to continuous improvement.

Consumers who use your recognized products will be participants in this important national effort to protect the environment and safeguard human health. We commend Best Sanitizers for your commitment to improving the environmental profile and performance of your products—and for leading change in the cleaning industry. DfE looks forward to building this partnership and wishes you much success with the partnership products.

Sincerely,

A handwritten signature in black ink, appearing to read "Clive Davies".

Clive Davies, Chief
Design for the Environment
