

# BSI Compact Sprayer

The BSI Compact Sprayer is a medium volume hose-end spray applicator for diluting and applying chemicals to any surface up close or at a distance. This unit uses standard city water pressure to draw chemical concentrate from the attached bottle and blend it into the water stream. This accurately diluted solution is then projected through the recessed fan nozzle.

## Key Features

- Accurately dilutes chemical concentrate and applies it as a low volume spray
- Durable! Injector body is machined in the USA, not molded
- Outlasts and outperforms similar molded plastic products
- The stainless steel quick disconnect socket features 6 retaining balls to lock the bottle and injector assembly securely in place
- Quick disconnect the bottle and injector assembly to rinse
- With less than half the flow rate of competing models, you save money
- Light, 22oz bottle reduces wrist and arm fatigue as well as the risk of repetitive strain injuries
- No moving parts! Venturi action dilutes chemical consistently with precision metering tips
- Great performance with water pressure as low as 20 PSI
- Recessed fan nozzle for protection and fast coverage
- Impact resistant lid stands up to substantial abuse
- Color-coded lids and guns help identify chemicals and enhance user safety (blue standard - red, yellow, or green optional)
- Available with a higher flow rate
- Available without the gun for quickly changing chemicals or equipment on the job
- Compact sprayers are also offered as foamers

## Includes

- Machined polypropylene injector body
- Stainless steel quick disconnect plug and 6-ball socket
- 22oz wide-mouth, HDPE bottle
- Heavy-duty bottle lid
- 20 color-coded precision metering tips to set dilution ratios
- Trigger gun with inlet screen/filter
- Teflon fan nozzle with nozzle protector

MD20007

## Uses

- ✓ Food & Beverage
- ✓ Dairy
- ✓ Hatchery
- ✓ Industrial
- ✓ Pharm/Bio
- ✓ Supermarkets
- ✓ Agriculture/Horticulture
- ✓ And Many Other Applications!

## Requirements

### Chemical Concentrate

### Water

Temperature .....	up to 160°F
Pressure .....	20 to 100 PSI
Flow .....	2.3 GPM @ 40 PSI
Supply Line .....	1/2"
Nozzle .....	2550

## Accessories

Additional Bottles (unlabeled), 22oz.....	USP20077
Hose Rack, Large, SS.....	USP20034-L
Hose Rack, Small, SS.....	USP20034-SM
Hose Strap, SS .....	USP20035
2550 Replacement Nozzle.....	USP20076
