Letter of Guarantee

Best Sanitizers, Inc. guarantees that ALPET E3 Plus Hand Sanitizer Spray is safe and effective as a Hand Sanitizer Compound under the intended conditions of use as outlined on the product label. Best Sanitizers, Inc certifies ALPET E3 Plus Hand Sanitizer Spray complies with earlier USDA guidelines for E3 Hand Sanitizing Compounds for use as a hand sanitizer in food processing and food handling areas in official establishments operating under the Federal Meat and Poultry Inspection Program. This certification is based on a review by Best Sanitizers, Inc. establishing that the formulation of the product meets current FDA and USDA requirements for Hand Sanitizers. ALPET E3 Plus Hand Sanitizer Spray is formulated from GRAS rated compounds.

The product is used undiluted. It is produced under cGMP at an FDA registered facility. The labeling follows current FDA guidelines.

E3 Hand Sanitizing Compounds

The compounds must be dispensed from adequate dispensers located a sufficient distance from the processing line to prevent accidental contamination. The hands must be washed and thoroughly rinsed prior to sanitizing with the compound. The hands need not be rinsed with potable water following the use of the compound. The compounds must always be used at the dilutions provided on the label and according to applicable directions. The compounds have been accepted on the basis of their equivalency to 50 parts per million of chlorine.

A handwritten signature in blue ink, appearing to read 'C. Linville', is positioned above the typed name.
