# SAFETY DATA SHEET

# 1. IDENTIFICATION

Product identifier	
Product Name	Dry Step Floor Treatment
Other means of identification	
Synonyms	Alkali-Peroxide Poweder
Recommended use of the chemica	l and restrictions on use
Recommended use	Boot Powder, Floor Treatment
<b>Distributor Address</b> <b>Best Sanitizers, Inc.</b> PO Box 1360 Penn Valley, CA 95946	

# Emergency telephone number

**Emergency Phone Numbers** 

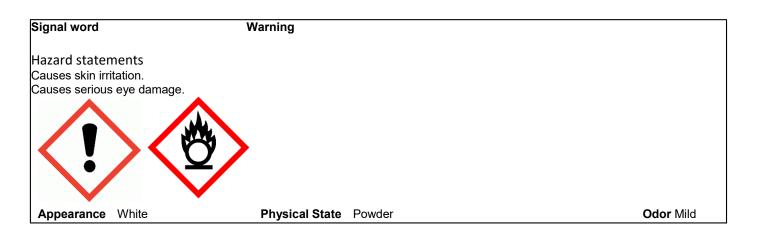

For Transportation Emergencies, call Chemtrec: 1-800-424-9300

# 2. HAZARDS IDENTIFICATION

# **Classification**

This product is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

Health hazards	
Skin corrosion/irritation	Category 2
Serious eye damage/eye irritation	Category 1
Environmental hazards	
May Intensify Fire	Oxidizer

# Precautionary Statements - Prevention

Keep out of reach of children. Read label before use. Do not breathe dusts or mists.

## Precautionary Statements - Response

If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If on skin (or hair): Wash with plenty of water. If inhaled: Remove victim to fresh air and keep at rest in a position comfortable for breathing.

## Precautionary Statements - Storage

Store in a dry place. Store in a closed container.

## Precautionary Statements - Disposal

Dispose of contents in accordance with all applicable federal, state, and local regulations.

# Hazards not otherwise classified (HNOC)

Not Applicable Other Information Unknown Acute Toxicity

# 3. Composition/ Information on Ingredients

Chemical Name	CAS No.	Weight %
Sodium Carbonate Peroxyhydrate	15630-89-4	>85
Sodium Dichloroisocyanurate, Dihydrate	51580-86-0	1-5

# 4. FIRST AID MEASURES

## First aid measures

General Advice	Show this safety data sheet to the doctor in attendance.
Eye Contact	If in eyes, immediately flush eyes with plenty of water for 15–20 minutes. If present, remove contact lenses. Call a poison control center or doctor for further treatment advice.
Skin Contact	Wash with plenty of water.
Inhalation	Remove to fresh air. Immediate medical attention is not required.
Ingestion	Do not induce vomiting. Rinse mouth. Never give anything by mouth to an unconscious person. Call a doctor or poison control center.

#### Most important symptoms and effects, both acute and delayed

Most Important Symptoms and See Section 11 for information. Effects

## Indication of any immediate medical attention and special treatment needed

Notes to Physician

Treat symptomatically.

# **5. FIRE-FIGHTING MEASURES**

## Suitable Extinguishing Media

Flood with water for extinguishing agent.

## Unsuitable extinguishing media

No Information available.

#### Explosion Date

This product is not flammable and not explosive. Decomposition releases oxygen and heat, which can support combustion and cause pressure bursts in confined spaces or containers.

## Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear. Cool containers with flooding quantities of water until well after fire is out.

# 6. ACCIDENTAL RELEASE MEASURES

#### Personal precautions, protective equipment and emergency procedures

Personal Precautions	Use personal protection recommended in Section 8. Ensure adequate betilation, especially in confined areas.	
For emergency responders	Isolate area. Keep unnecessary personnel away.	
Environmental Precautions		
Environmental Precautions	Prevent entry into surface water, sewers, basements or confined areas. See Section 12 for additional ecological information.	
Methods and material for containment and cleaning up		
Methods for Containment	Prevent further leakage or spillage if safe to do so. Contain and collect spillage with non- combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and pla in container for disposal according to local/ national regulations (See Section 13).	
Methods for Cleaning Up	Collect spillage and dispose according to local and federal regulations.	

# 7. HANDLING AND STORAGE

## Precautions for safe handling

#### Handling

Do not eat, drink or smoke when using this product. Use personal protection recommended in Section 8. Avoid contact with skin, eyes or clothing. Use only in well-ventilated areas. Avoid breathing vapors or mists. Wash thoroughly after handling. Handle in accordance with good industrial hygiene and safety practice.

## Conditions for safe storage. including any incompatibilities

Storage

Store in an original, tightly closed container is a secure area out of reach of children and domestic animals and away from sources of heat.

# 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

## **Control parameters**

## Exposure Guidelines

Chemical Name	ACHIH TLV	OSHA PEL
Sodium Carbonate Peroxyhydrate 15630- 89-4	Inhalable 10 mg/m³	Total dust: 15 mg/m <sup>3</sup>
Sodium Dichloroisocyanurate, Dihydrate 51580-86-0	Not Determined	Not Determined

ACGIH TLV: American Conference of Governmental Industrial Hygienists - Threshold Limit Value. OSHA PEL: Occupational Safety and Health Administration - Permissible Exposure Limits. NIOSH IDLH: Immediately Dangerous to Life or Health.

#### Appropriate engineering controls

Engineering Measures	Showers Eyewash stations Ventilation systems
Individual protection measures	s, such as personal protective equipment
Eye/Face Protection	Wear chemical safety glasses to avoid eye contact.
Skin and Body Protection	No required.
Respiratory Protection	If exposure limits are exceeded or irritation is experienced

**Dry Protection** If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive, pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations.

# Hygiene Measures Wash face, hands and any exposed skin thoroughly after handling. Wash contaminated clothing and shoes before reuse. Do not Eat, Drink or Smoke when using this product.

# 9. PHYSICAL AND CHEMICAL PROPERTIES

#### **Physical and Chemical Properties**

Physical State	Powder
Appearance	Powder
Color	White

Odor Odor Threshold Mild No information available

<u>Property</u>	<u>Values</u>	Remarks/ Method
pH	10	1% Solution
Melting/freezing point	No data available	None known
Boiling point / boiling range Flash Point Evaporation rate Flammability (solid, gas) Flammability Limits in Air	No data available Not Applicable No data available No data available	None known None known None known None known
Upper flammability limit	No data available	None known
Lower flammability limit	No data available	None known
Vapor pressure	No data available	None known
Vapor density	No data available	None known
Specific Gravity	1.01	None known
Water Solubility	No data available	None known
Partition coefficient	No data available	None known
Autoignition temperature	No data available	None known
Decomposition temperature	No data available	None known
Kinematic viscosity	No data available	None known
Dynamic viscosity	No data available	None known
Explosive properties	No data available	None Known
Oxidizing properties	No data available	None Known

# **10. STABILITY AND REACTIVITY**

# **Reactivity**

Product will react with incompatible materials to generate oxygen and heat.

## **Chemical stability**

Stable under ordinary conditions of use and storage.

## **Possibility of Hazardous Reactions**

Product can generate heat if exposed to incompatibilities. Generates oxygen gas, can burst pressure vessels and will make fires burn hotter.

#### Conditions to avoid

Contact with incompatible materials. Do not dispose of this product with residential waste.

#### Incompatible materials

Keep away from heat. Keep away form sources ignition. Keep away from combustible material.

## **Hazardous Decomposition Products**

None known.

# Safety Issues that may arise should product change in physical appearance.

Dispose of product immediately per Section 13 should it become discolored.

# 11. TOXICOLOGICAL INFORMATION

## Information on likely routes of exposure

## **Product Information**

Inhalation	Inhalation of vapors in high concentration may cause irritation of respiratory system.
Eye Contact	Irritating to eyes.
Skin Contact	Prolonged contact may cause irritation.
Ingestion	May be harmful if swallowed.

## Information on toxicological effects

Dust can cause lung and eye irritation and drying of the skin.

## Delayed and immediate effects as well as chronic effects form short and long-term exposure

Drying effects of dust on skin can be cumulative.

## Numerical measures of toxicity – Product Information

## Unknown Acute Toxicity No Information Available

Carcinogenicity: Not classified by IARC, OSHA, or EPA. Not included in NTP 12 the report on carninogens.

# **12. ECOLOGICAL INFORMATION**

## Ecotoxicity

Symptoms

This product may be toxic to aquatic life in high concentrations.

## Persistence and Degradability

Majority of product quickly degrades to naturally occurring molecules. No detectable environmental persistence expected from regular use.

#### **Bioaccumulation**

Will not bioaccumulate under normal use.

#### Mobility in Soil

No information available.

# Other adverse effects

No information available.

# **13. DISPOSAL CONSIDERATIONS**

#### **Disposal methods**

Dispose of in accordance with all applicable federal, state, and local regulations.

## Contaminated Packaging

Dispose of in accordance with all applicable federal, state, and local regulations.

# **14. TRANSPORT INFORMATION**

# DOT

UN/ID/NA number: UN 1479 Proper shipping name: Oxidizing Solid, N.O.S. (Sodium Percarbonate) Class : 5.1

Packing group : III

# <u>IATA</u>
