

January 5, 2022

To Whom It May Concern,

SmartSan All-Purpose Wipes are an alcohol-based hand sanitizer. It is formulated from Water, Specially Denatured Alcohol 3C (a blend of Ethanol and Isopropyl Alcohol), USP grade Isopropyl Alcohol, FCC grade Glycerin, and food grade Monoglyceride. None of these are generally recognized as allergens. They are all the purest grades available.

Sincerely,

A handwritten signature in blue ink, appearing to read 'C. Linville', is positioned above the typed name.
