Sanitizer Station

FEATURES:

- Promote employee awareness with proper training, multiple placements and consistent use of sanitizer stations.
- Made in the USA from heavy-duty, 14g 304 stainless steel for strength and durability.
- Open design for easy washdown.
- 10° slope on top surface for water drainage.
- 1" flanges with 0.25" mounting holes*.

**We recommend using spacers to move the bracket away from the wall and eliminate difficult to clean areas.*

**Improve Safety and
Compliance in Your Facility**
