To Whom It May Concern,

SmartSan Alcohol-Free Hand Sanitizer Foam is a gentle skin cleanser formulated from an antimicrobial agent, mild surfactants, humectant, and preservatives. The ingredients are Water, glycerin, Cocamidopropyl Betaine, polyethylene-polypropylene glycol, benzyl alcohol, phenoxyethanol, dehydroxyacetic acid, and citric acid. None of these are generally recognized as allergens. In preparing the formula, there are no soy components added, nor almond oil, peanut components, tree oil or other well-known allergens. The product does contain materials derived from Coconut Oil.

Sincerely,

A handwritten signature in blue ink, appearing to read 'C. Linville', with a decorative flourish at the end.
