

**January 3, 2023**

## **Letter of Guarantee**

Best Sanitizers, Inc. guarantees that ALPET 70/30 Industrial Cleaner is safe and effective as a Cleaner under the intended conditions of use as outlined on the product label. Best Sanitizers, Inc. certifies that ALPET 70/30 Industrial Cleaner is blended using USP Grade Kosher Isopropanol Alcohol and De-ionized Water.

The cleaner comes ready to use and does not require a rinse. ALPET 70/30 Industrial Cleaner is produced under cGMP at an EPA and FDA registered facility. All bulk lots are blended then dispensed through a sub-micron filter prior to filling.

The Directions for Use are:

- Use in a ventilated area
- Apply product directly to surfaces or use a wetted cloth.
- Wipe clean.
- Repeat for stubborn areas.

Sincerely,

A handwritten signature in blue ink, appearing to read 'C. Linville', is positioned above the typed name.
